DoTile® fit
VIRTUS-I

DoTile® is a trademark of:
METEM ecomanifatture

How does it work

DoTile® Fit VIRTUS-I is characterized by the presence of joints which allow an extremely simple installation, without the need for any ground fastening.

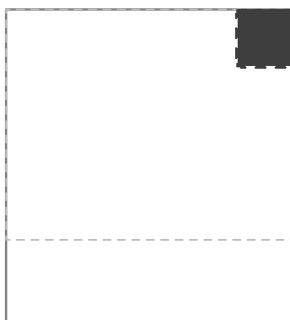

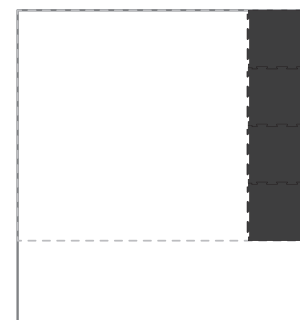

## Installation method

1. Define the installation area

2. Start placing a corner tile

3. Lay the edge tiles till ending the first line with a new corner tile

4. Repeat the process by completing one of the adjacent edges

5. Complete the installation by laying edge tiles and center tiles, closing with the last angular
